If you could only do one show this year, then this is **the** event for you:

**THE 24<sup>th</sup> PATRICK J. FORTIER,  
IMI MAINTENANCE EXPO AND OUTING.**

**THE BIGGEST LITTLE SHOW IN THE EAST**

The two sponsoring Chapters, Fairfield County and Southwestern Connecticut, are proud of the fact that their exhibitors continue to rate the Expo as the best facilities related trade show that they

do. The Expo and Outing committee reported: “Our excellent exhibitor renewal rate has held up well through the recent economic climate; and, we are attracting new suppliers with new products and services to fill the floor. The success of the Expo is based on its great value. We get more attendees per hour, or per dollar invested by our exhibitors.

‘This is a vertical trade show, which means we have a specific target market. The Expo is produced by Facilities and Maintenance Professionals, for Facilities and Maintenance Professionals. What sets this show apart from most is the fact that this unique event combines the dynamics of a full-blown trade show with the fun of a complete outing

“It is truly, **THE BIGGEST LITTLE SHOW IN THE EAST**”. For more information, see “The Expo”, below.

“The Outing is a great value, as well;” the Committee feels, “it gives the Expo a relaxing and festive atmosphere, and it expands networking opportunities. Attendees and vendors can enjoy the beautiful grounds, participate in the many indoor and outdoor activities, take a lunch break, grab a snack, have a wonderful dinner, and visit the open bar.” See, “The OUTING”, below for details.

The Outing has been growing for almost 50 years. It was combined with the Expo in 1995, and now, the Expo and Outing draws up to 750 attendees. The setting provides an ideal atmosphere for both Vendors/Exhibitors and Attendees to interact with Maintenance Professionals, Plant Engineers, Facility Managers, Purchasing Agents, and some of the area’s most talented and qualified facilities professionals.”
